Clemmow Hornby Inge

Voted Advertising Agency of the Year in 2004, Clemmow Hornby Inge is a highly design led business. Not surprisingly, it was imperative that the interior of their new headquarters reflected their unique style and culture while providing an inspirational and flexible working environment.

In addition to the fitting out elements, the project involved structural alterations including the installation of a spiral staircase between the ground and first floors, and the opening-up and redesign of the reception area. The existing metal tiled floor was encapsulated with a wooden flooring system stained in situ to provide an aged effect.

- 1 reception
- 2 partner's office
- 3 spiral staircase
- 4 open plan offices
- 5 reception – waiting area
