

# THE [INTERIORS] GROUP

## Environmental Policy

The Interiors Group is committed to providing innovative, environmentally-friendly business environments, incorporating materials and processes with minimal environmental impact.

We have undergone a Carbon Assessment from partners dcarbon8 and will become 'Planet Positive' in 2008.

### Other Initiatives Include:

- The appointment of a 'Green Champion'.
- Recycling both on site and at our head office.
- Specifying environmentally-friendly products.
- Developing a sustainable materials library.
  - Formal BREEAM training.
  - All power sourced from Ecotricity.
- Undertaking Certification to ISO14001 Standard.
- A commitment to continual improvement and compliance with all applicable legislation.
